*I am asking you to curtail/deney certificate of need for following reason. Its come to my attention there exist share Agreement between Alaska human rights Commission and EEOC. Normally title 7 is not normally argued in Financial/Economic Senerio. To delegate to Feds while the Feds are conducting an inquiry makes fraud, misrepresentation easily used to cover up discriminatory policies, goals Against protect class/minorities. To press and since, your decisions normally are not reviewable. I give administrative notice (federally - for stop-gap measure. If you have the easements already, then what is the problem? Taking minorities lands, interests for global ideas, has never been in zone of interests Authorizing Congress i.e. Commerce Clause, to protect minority class.*
